Czech Republic

135 400 m²
of existing space

About the park

Prologis Park Prague-Airport currently consists of five buildings totaling 135,400 sqm. An ideal hub for domestic and international operations, Prologis Park Prague-Airport offers state-of-the-art space equipped with modern features and able to be customised to customers' unique requirements.

The facilities also adhere to the BREEAM environmental assessment method and rating system.

Location

Prologis Park Prague-Airport is situated adjacent to the D6 motorway at Exit 7, just 5 minutes from Prague Airport. The site also provides excellent access to national and international traffic and trade routes via the D0 and onto the D5 and D1 motorways in just 10 and 20 minutes, respectively.

Several public transportation links, including a bus stop within the park itself, also create a convenient connection between DC1 and Jeneč, the cities of Kladno and Prague, as well as the train station. The park's surrounding amenities and services include a car/truck service station, hotel, sports centre, petrol station, post office and restaurant.

Prologis Essentials

Making Fulfillment Better

For more information, please visit
www.prologisce.eu/essentials-solutions

Built on the Prologis foundation of global logistics real estate, the Essentials platform delivers the next generation of solutions to address some of the most critical challenges fulfillment centers face. We create the resiliency your business requires to innovate, grow and thrive—today and in the future.

Operations

Unlock your warehouse potential with integrated, turnkey solutions that maximize efficiency and boost productivity. From move-in services to forklifts and racking systems, Prologis has you covered.

- Turnkey Move-In + Setup Solutions
- Turnkey Renewal + Optimization Solutions
- Turnkey Move-out + Relocation Solutions

Energy + Sustainability

Improve energy efficiency and minimize costs with solutions purpose-built to deliver carbon-neutral facilities. With rooftop solar installations and LED lighting, we're dedicated to your success.

- Onsite Solar
- Energy Storage
- Lighting and Electrical
- Network Infrastructure and Security
- Grid-Scale Energy

Mobility

Whether you're located at a Prologis warehouse or a third-party facility, we're your dedicated partner to transition to zero-emissions vehicles, keeping your fleet powered onsite and on the go.

- Fleet Electrification
- Depot Charging
- Hub Charging
- OnDemand Charging
- Workplace Charging

Workforce

Train your future logistics workforce and upskill current talent. Your workforce and communities are the backbone of commerce. Our mission is to support your ability to empower smarter, faster, more efficient employees who grow with you through our dedicated training and talent programs.

Security

We know how important site security can be for you and we take care to install the best measures for each Prologis Park.

Working community

Working together can benefit everyone. We arrange regular customer meetings at all Prologis Parks, so that you can share information and agree on a range of joint initiatives from sharing the cost of cleaning buildings to reciprocal car parking.

Transport

We offer you a number of options to help staff travel to and from work. Green Travel Plans encourage employees to share lifts, walk or cycle, and we provide charging points for those who drive electric vehicles. We also work with local bus operators to run work buses, making sure that bus timetables coincide with shift patterns.

PARKlife™

PARKlife is a mindset, a reminder (to ourselves) to constantly work on creating the best spaces and places for everyone who interacts with them.

Wellbeing

We design our parks to include plenty of open space, so that you and your employees can walk, run, cycle or just take a break during a busy day. Some of our sites also have country parks, which have become valuable amenities for our neighbours in the local community.

Environment

We own and manage Prologis Parks, which means that we maintain the private roads, the park drainage and all the landscaped areas. We install signage both for the park and the individual buildings and we take responsibility for litter picking to make sure that every park is an efficient, attractive place to work.

Wellbeing

Wellbeing

Our park-wide services

At Prologis, we provide much more than just four walls and a roof for our customers. We aim to create a working environment for all our customers. We own, manage and maintain all the buildings in our parks, so our customers can benefit from a range of park-wide services that we have designed to support their business operations. These services are the foundation of our new PARKlife concept, which we have launched in five pilot parks in Central Europe. Over the coming years we will continue to roll out the program in all our parks in the region.
