Prologis Park Warsaw II

Warsaw, S8

39 000 square meters of industrial space

7 kilometers to Warsaw city center

12 kilometers to Warsaw's international airport

2,5 kilometers to S8 Warsaw ring road

About the park

Prologis Park Warsaw II is a four-building modern distribution park providing 39,000 square meters of warehouse space. The uniqueness of this park is its ideal location in the centre of the city, allowing for the efficient distribution of goods within Warsaw and in the suburbs. The site is brownfield investment, revitalized industrial land that regains value and improves the environment. The park offers 24-hour on-site security, flexible warehouse units and ample parking places and manoeuvring courts.

Location

Prologis Park Warsaw II is located in the industrially-zoned Praga district. The site is approximately 1 kilometer from the S8 (Warsaw ring road, Białystok-Wrocław) connecting northern and southern Poland (Gdańsk-Kraków), 10 kilometers from the A2 motorway and the DK92 connecting eastern and western Poland (Poznań-Biała Podlaska), and approximately 12 kilometers from Warsaw's international airport. The city transportation network runs close to the site (tram lines 1, 4, 26, 41 and 74, bus lines 176, N64, N14 & train station PKP Praga).

Advantages

Location within the city limits

Close to S8 Warsaw ring road

Bus and train stops

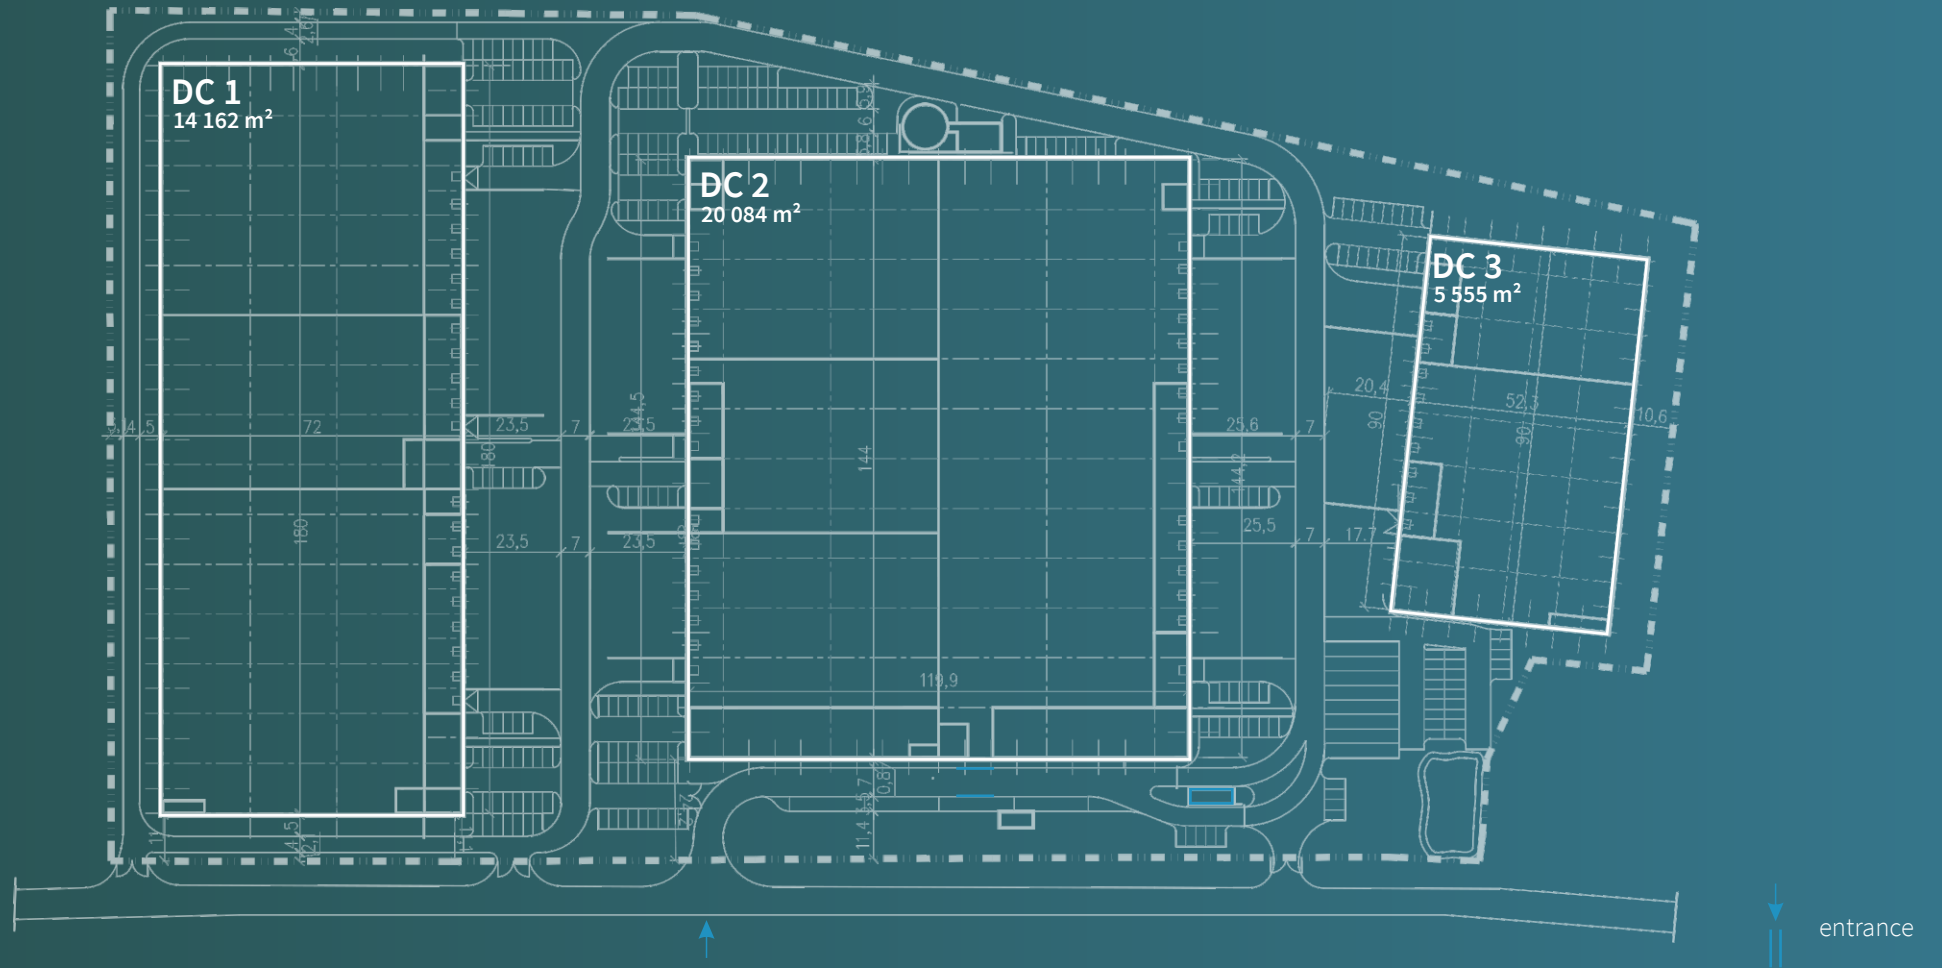

Ample parking spaces

CCTV System

Dedicated Prologis property management team

Features of the buildings

Clear height 10 m

Floor loading capacity 5T/m²

ESFR sprinkler system

Wide maneuvering truck court

Drive-in doors

Technical support on site

Smart Metering System

Prologis Essentials

For easy set up and smooth operations

When it comes to getting your warehouse up and running, we've got you covered.

Prologis Essentials is the first complete warehouse solutions platform that lets you run, optimize and grow your business; how, when and wherever you want.

It conveniently brings you all the set-up and operational equipment needed for a cost effective, quick and carefree start. It is your source for replacements, upgrades or temporary solutions as well – making life easier and giving you back valuable time.

FORKLIFTS

An easy and cost-effective solution for preconfigured forklifts, reach and pallet trucks, from our world-class partners.

RACKING

The right racking system to suit your needs – a fast and easy service that makes arranging racking simple.

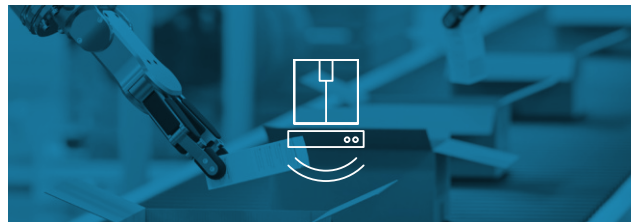

SOLARSMART

Harness green energy and benefit from onsite power while reducing your carbon footprint.

LED LIGHTING

Efficient and reliable upgrade to 'smart' lighting with movement and daylight controls at an incredibly low price.

WAREHOUSE ROBOTS

Transform your fulfilment and order picking with efficient, multi-bot systems to suit all needs.

SAFETY

Durable protective gear to help look after people, materials, fittings and equipment in any warehouse environment.

Our services

Transport

We offer our clients a number of solutions that facilitate everyday commuting to work and returning home. We provide access to various forms of public transport, and for those commuting by bicycle, we have prepared special bicycle shelters in some of our parks. We have installed electric car charging stations in some Parks, and in Hungary we also provide a free car sharing platform.

Environment

We retain ownership of all our parks, which means that we put up signage all around the sites and individual buildings, manage all the landscaped areas, maintain the network of pedestrian walkways, and perform general cleaning services to provide a safe and attractive place to work. Some of our parks have canteens and food truck areas offering a variety of meal choices for all employees who work there.

Wellbeing

As a committed supporter of healthy lifestyles and wellbeing, we design our parks to include recreational areas, where employees can enjoy outdoor activities, picnics or just taking a break during a busy day. Some of our parks in CE have five-a-side football pitches with barbecue places, which also provide an opportunity for our customers to organize company events or simply relax after or during work hours.

Security

The safety and security of all our customers is a top priority and we take care to implement the best measures and services for each Prologis Park. We provide a guard house, an on-site 24/7 security service and a dedicated CCTV system with recording, and the majority of our parks are fully fenced. In addition, license plate reader systems support automated entry control in Poland, the Czech Republic and Slovakia, and will soon do so in Hungary as well.

Working community

Our aim is to foster strong and lasting relationships with all our customers and the communities in which we operate. We organize school visits in Poland and sporting tournaments in Hungary, Slovakia and the Czech Republic. On the Prologis annual IMPACT Day, our employees around the globe take part in a range of volunteer programs to give something back to the communities in which they live and work.

Our services

More than a modern warehouse

Our park-wide services

At Prologis, we provide much more than just four walls and a roof for our customers. We aim to create a working environment for all our customers. We own, manage and maintain all the buildings in our parks, so our customers can benefit from a range of park-wide services that we have designed to support their business operations. These services are the foundation of our new PARKlife concept, which we TM have launched in five pilot parks in Central Europe. Over the coming years we will continue to roll out the program in all our parks in the region.
