Prologis Park Prague-Airport

Jeneč, D6

135,300 square meters of industrial space

500 meters to D6 motorway

13 kilometers to Prague

About the park

Prologis Park Prague-Airport currently consists of five buildings totaling 135,300 square meters. An ideal hub for domestic and international operations, Prologis Park Prague-Airport offers state-of-the-art space equipped with modern features and able to be customised to customers' unique requirements. The facilities also adhere to the BREEAM environmental assessment method and rating system.

Location

Prologis Park Prague-Airport is situated adjacent to the D6 motorway at Exit 7, just 5 minutes from Prague Airport. The site also provides excellent access to national and international traffic and trade routes via the D0 and onto the D5 and D1 motorways in just 10 and 20 minutes, respectively. Several public transportation links, including a bus stop within the park itself, also create a convenient connection between DC1 and Jeneč, the cities of Kladno and Prague, as well as the train station. The park's surrounding amenities and services include a car/truck service station, hotel, sports centre, petrol station, post office and restaurant.

Advantages

Strategic location

By D6 motorway

Bus and train stops

Ample parking spaces

Smart metering system

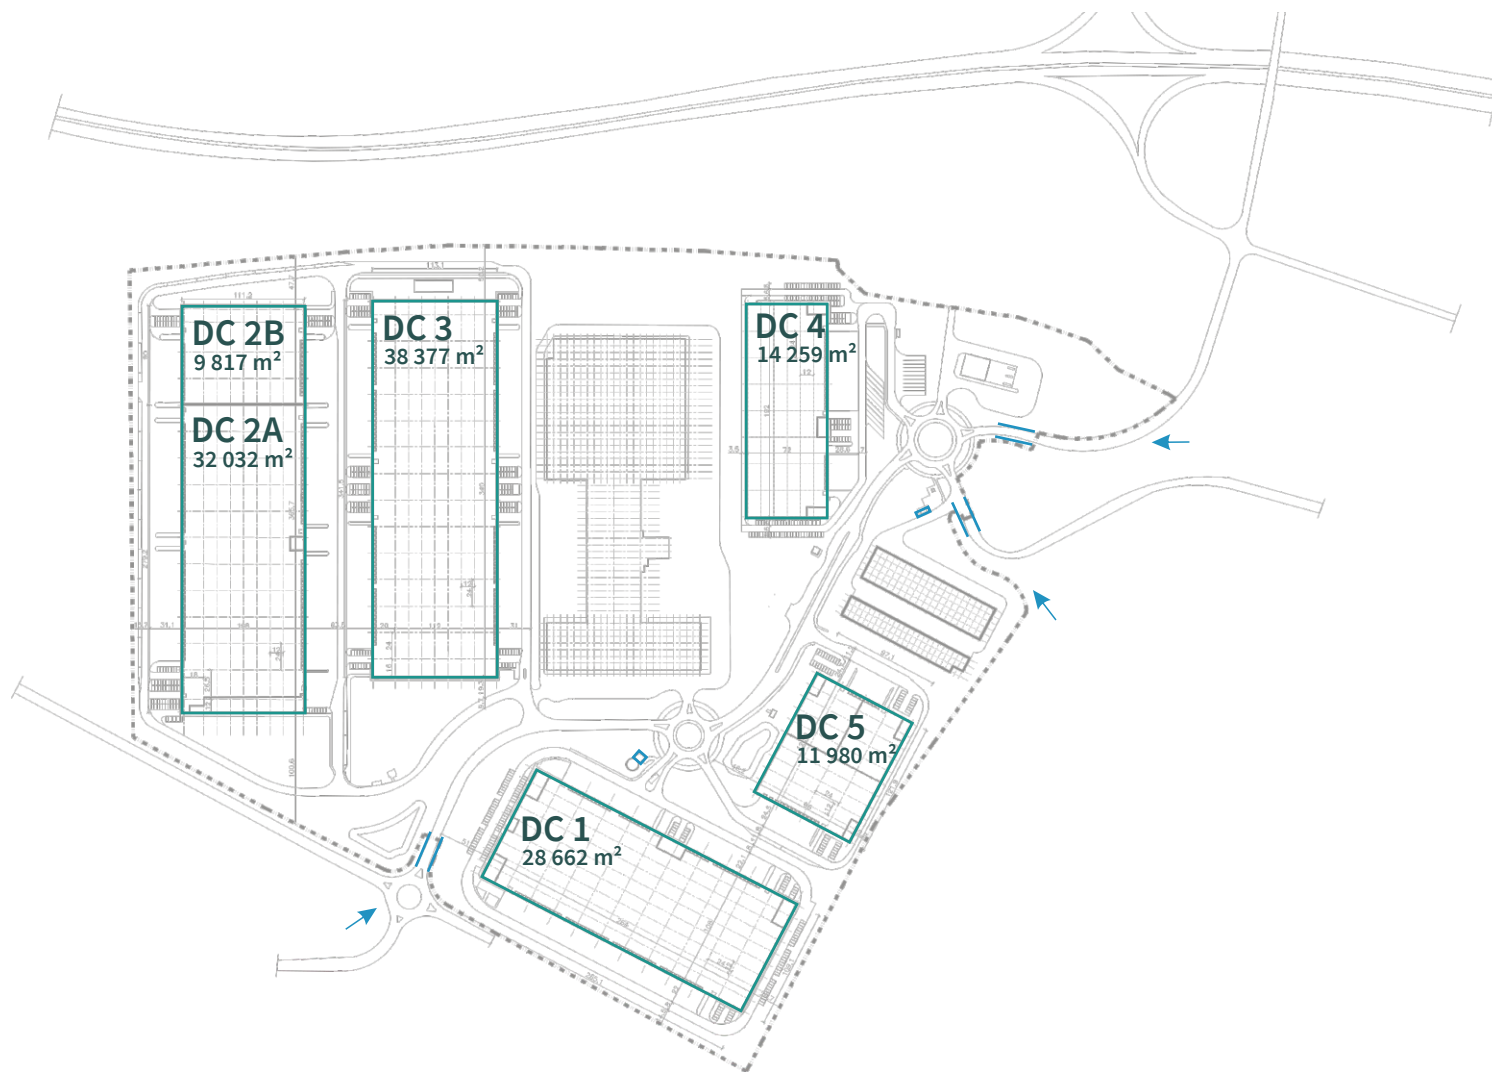

CCTV System

Representative office space

Above standard on-site support

Features of the buildings

Clear height 10 m

Floor loading capacity 5T/m²

Wide manoeuvring
truck court

Drive-in doors

Technical support
on site

External LED lighting

Prologis Essentials

For easy set up and smooth operations

When it comes to getting your warehouse up and running, we've got you covered.

Prologis Essentials is the first complete warehouse solutions platform that lets you run, optimize and grow your business; how, when and wherever you want.

It conveniently brings you all the set-up and operational equipment needed for a cost effective, quick and carefree start. It is your source for replacements, upgrades or temporary solutions as well – making life easier and giving you back valuable time.

FORKLIFTS

An easy and cost-effective solution for preconfigured forklifts, reach and pallet trucks, from our world-class partners.

RACKING

The right racking system to suit your needs – a fast and easy service that makes arranging racking simple.

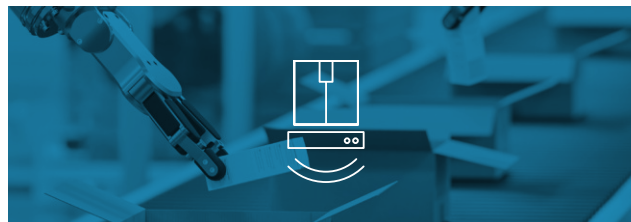

SOLARSMART

Harness green energy and benefit from onsite power while reducing your carbon footprint.

LED LIGHTING

Efficient and reliable upgrade to 'smart' lighting with movement and daylight controls at an incredibly low price.

WAREHOUSE ROBOTS

Transform your fulfilment and order picking with efficient, multi-bot systems to suit all needs.

SAFETY

Durable protective gear to help look after people, materials, fittings and equipment in any warehouse environment.

Our services

Transport

We offer our clients a number of solutions that facilitate everyday commuting to work and returning home. We provide access to various forms of public transport, and for those commuting by bicycle, we have prepared special bicycle shelters in some of our parks. We have installed electric car charging stations in some Parks, and in Hungary we also provide a free car sharing platform.

Environment

We retain ownership of all our parks, which means that we put up signage all around the sites and individual buildings, manage all the landscaped areas, maintain the network of pedestrian walkways, and perform general cleaning services to provide a safe and attractive place to work. Some of our parks have canteens and food truck areas offering a variety of meal choices for all employees who work there.

Wellbeing

As a committed supporter of healthy lifestyles and wellbeing, we design our parks to include recreational areas, where employees can enjoy outdoor activities, picnics or just taking a break during a busy day. Some of our parks in CE have five-a-side football pitches with barbecue places, which also provide an opportunity for our customers to organize company events or simply relax after or during work hours.

Security

The safety and security of all our customers is a top priority and we take care to implement the best measures and services for each Prologis Park. We provide a guard house, an on-site 24/7 security service and a dedicated CCTV system with recording, and the majority of our parks are fully fenced. In addition, license plate reader systems support automated entry control in Poland, the Czech Republic and Slovakia, and will soon do so in Hungary as well.

Working community

Our aim is to foster strong and lasting relationships with all our customers and the communities in which we operate. We organize school visits in Poland and sporting tournaments in Hungary, Slovakia and the Czech Republic. On the Prologis annual IMPACT Day, our employees around the globe take part in a range of volunteer programs to give something back to the communities in which they live and work.

Our services

More than a modern warehouse

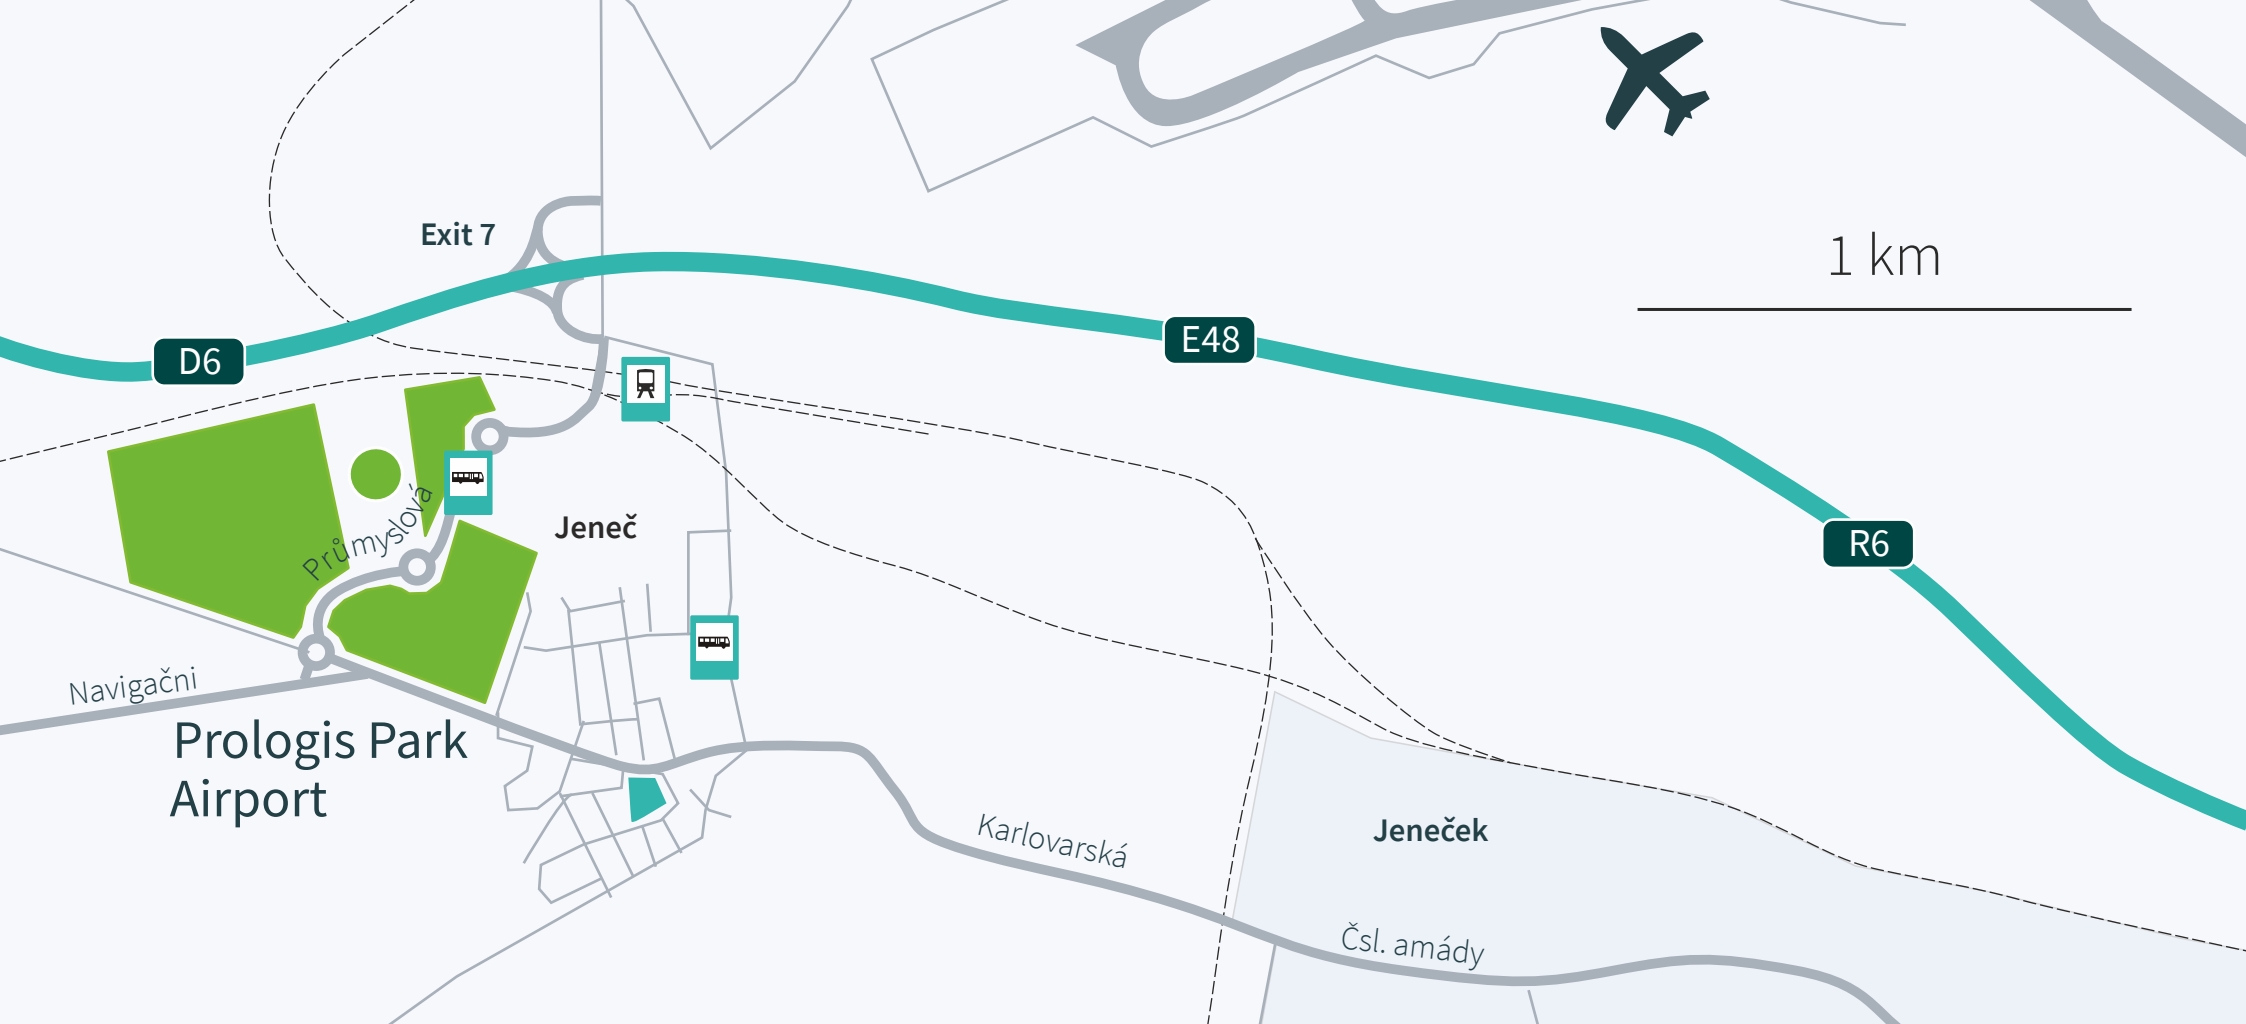

Our park-wide services

At Prologis, we provide much more than just four walls and a roof for our customers. We aim to create a working environment for all our customers. We own, manage and maintain all the buildings in our parks, so our customers can benefit from a range of park-wide services that we have designed to support their business operations. These services are the foundation of our new PARKlife concept, which we TM have launched in five pilot parks in Central Europe. Over the coming years we will continue to roll out the program in all our parks in the region.
