Prologis Park Wrocław

Bielany Wrocławskie, A4

137 000 square meters of industrial space

10 square meters of potential development

2 kilometers to Wrocław city center

About the park

Prologis Park Wrocław is a distribution park that utilizes innovative technology to facilitate ease of use, conserve energy, and protect the environment. The buildings satisfy even the most demanding customers and can be adapted to meet the cold storage needs of food logistics. Located near the airport, the park is at the junction of strategic international road and air routes.

Location

The distribution park is situated in the commune of Kobierzyce, 15 kilometers from downtown Wrocław, on Bielany Wrocławskie - the biggest retail centre in Wrocław region, near international transportation routes that link the city to Poland's neighboring countries:

- At the Bielany junction - A4 expressway (Berlin - Wrocław - Kraków - Ukraine)
- S5/E261 (Poznań - Wrocław - Prague)
- S8/E67 (Warsaw - Wrocław - Vienna)

The park is situated 10 kilometers from Wrocław's airport, servicing direct flights to Warsaw, Frankfurt, Vienna, Copenhagen and Munich.

Advantages

2 km to A4 motorway

2 entrance gates

Bus and train stops

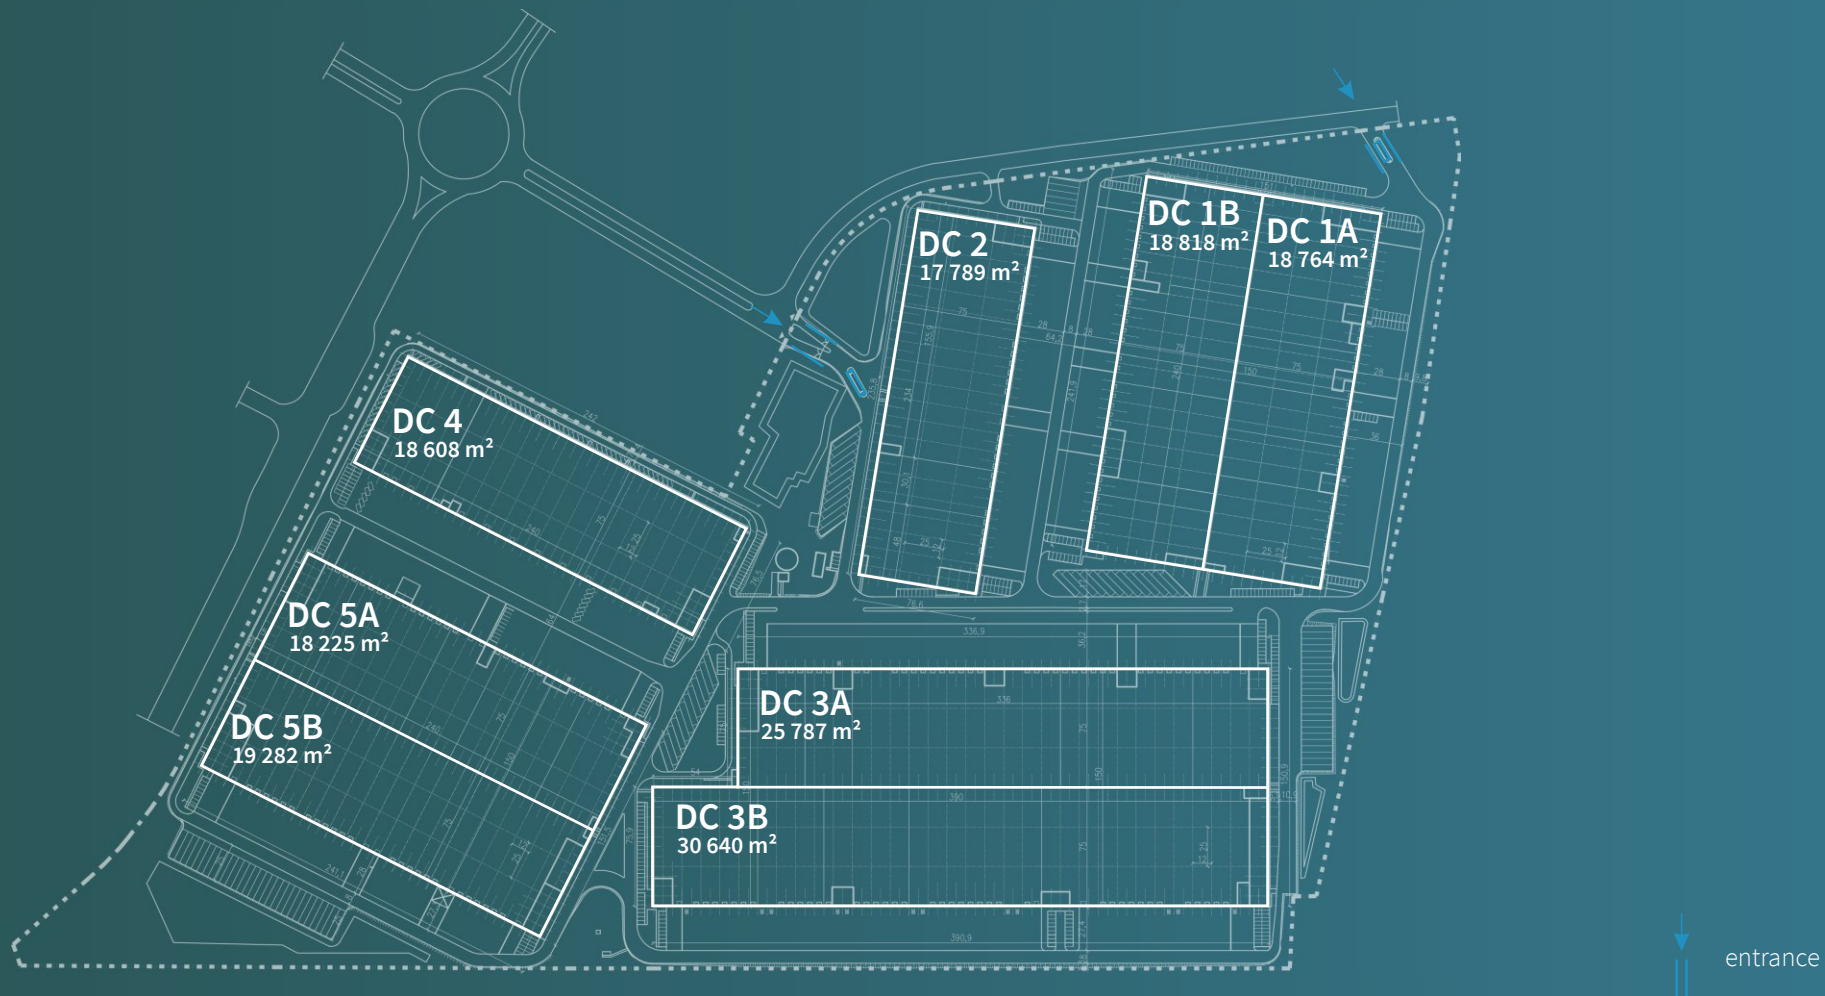

Ample parking spaces

Representative office space

Food Truck on the park

Features of the buildings

Clear height 10 m

Floor loading capacity 5T/m²

ESFR sprinkler system

Outdoor LED lighting

Wide manoeuvring truck court

Technical support on site

Smart Metering System

Prologis Essentials

For easy set up and smooth operations

When it comes to getting your warehouse up and running, we've got you covered.

Prologis Essentials is the first complete warehouse solutions platform that lets you run, optimize and grow your business; how, when and wherever you want.

It conveniently brings you all the set-up and operational equipment needed for a cost effective, quick and carefree start. It is your source for replacements, upgrades or temporary solutions as well – making life easier and giving you back valuable time.

FORKLIFTS

An easy and cost-effective solution for preconfigured forklifts, reach and pallet trucks, from our world-class partners.

RACKING

The right racking system to suit your needs – a fast and easy service that makes arranging racking simple.

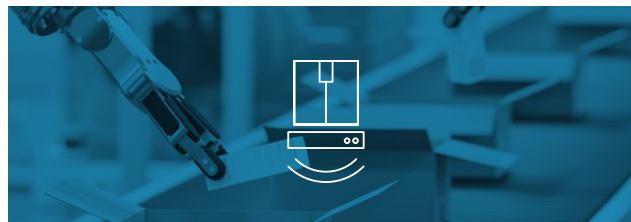

SOLARSMART

Harness green energy and benefit from onsite power while reducing your carbon footprint.

LED LIGHTING

Efficient and reliable upgrade to 'smart' lighting with movement and daylight controls at an incredibly low price.

WAREHOUSE ROBOTS

Transform your fulfilment and order picking with efficient, multi-bot systems to suit all needs.

SAFETY

Durable protective gear to help look after people, materials, fittings and equipment in any warehouse environment.

Our services

Transport

We offer our clients a number of solutions that facilitate everyday commuting to work and returning home. We provide access to various forms of public transport, and for those commuting by bicycle, we have prepared special bicycle shelters in some of our parks. We have installed electric car charging stations in some Parks, and in Hungary we also provide a free car sharing platform.

Environment

We retain ownership of all our parks, which means that we put up signage all around the sites and individual buildings, manage all the landscaped areas, maintain the network of pedestrian walkways, and perform general cleaning services to provide a safe and attractive place to work. Some of our parks have canteens and food truck areas offering a variety of meal choices for all employees who work there.

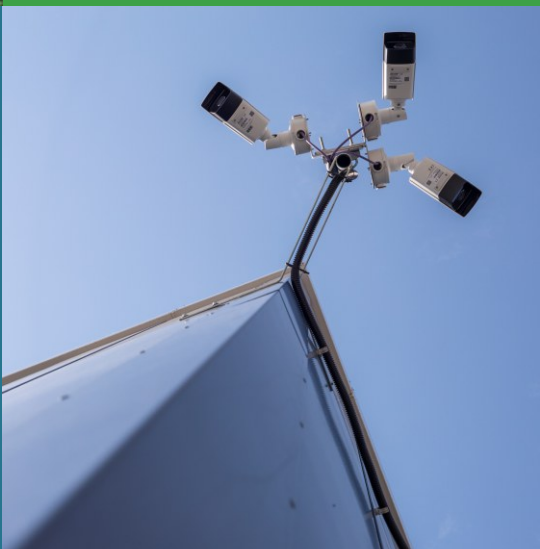

Wellbeing

As a committed supporter of healthy lifestyles and wellbeing, we design our parks to include recreational areas, where employees can enjoy outdoor activities, picnics or just taking a break during a busy day. Some of our parks in CE have five-a-side football pitches with barbecue places, which also provide an opportunity for our customers to organize company events or simply relax after or during work hours.

Security

The safety and security of all our customers is a top priority and we take care to implement the best measures and services for each Prologis Park. We provide a guard house, an on-site 24/7 security service and a dedicated CCTV system with recording, and the majority of our parks are fully fenced. In addition, license plate reader systems support automated entry control in Poland, the Czech Republic and Slovakia, and will soon do so in Hungary as well.

Working community

Our aim is to foster strong and lasting relationships with all our customers and the communities in which we operate. We organize school visits in Poland and sporting tournaments in Hungary, Slovakia and the Czech Republic. On the Prologis annual IMPACT Day, our employees around the globe take part in a range of volunteer programs to give something back to the communities in which they live and work.

Our services

More than a modern warehouse

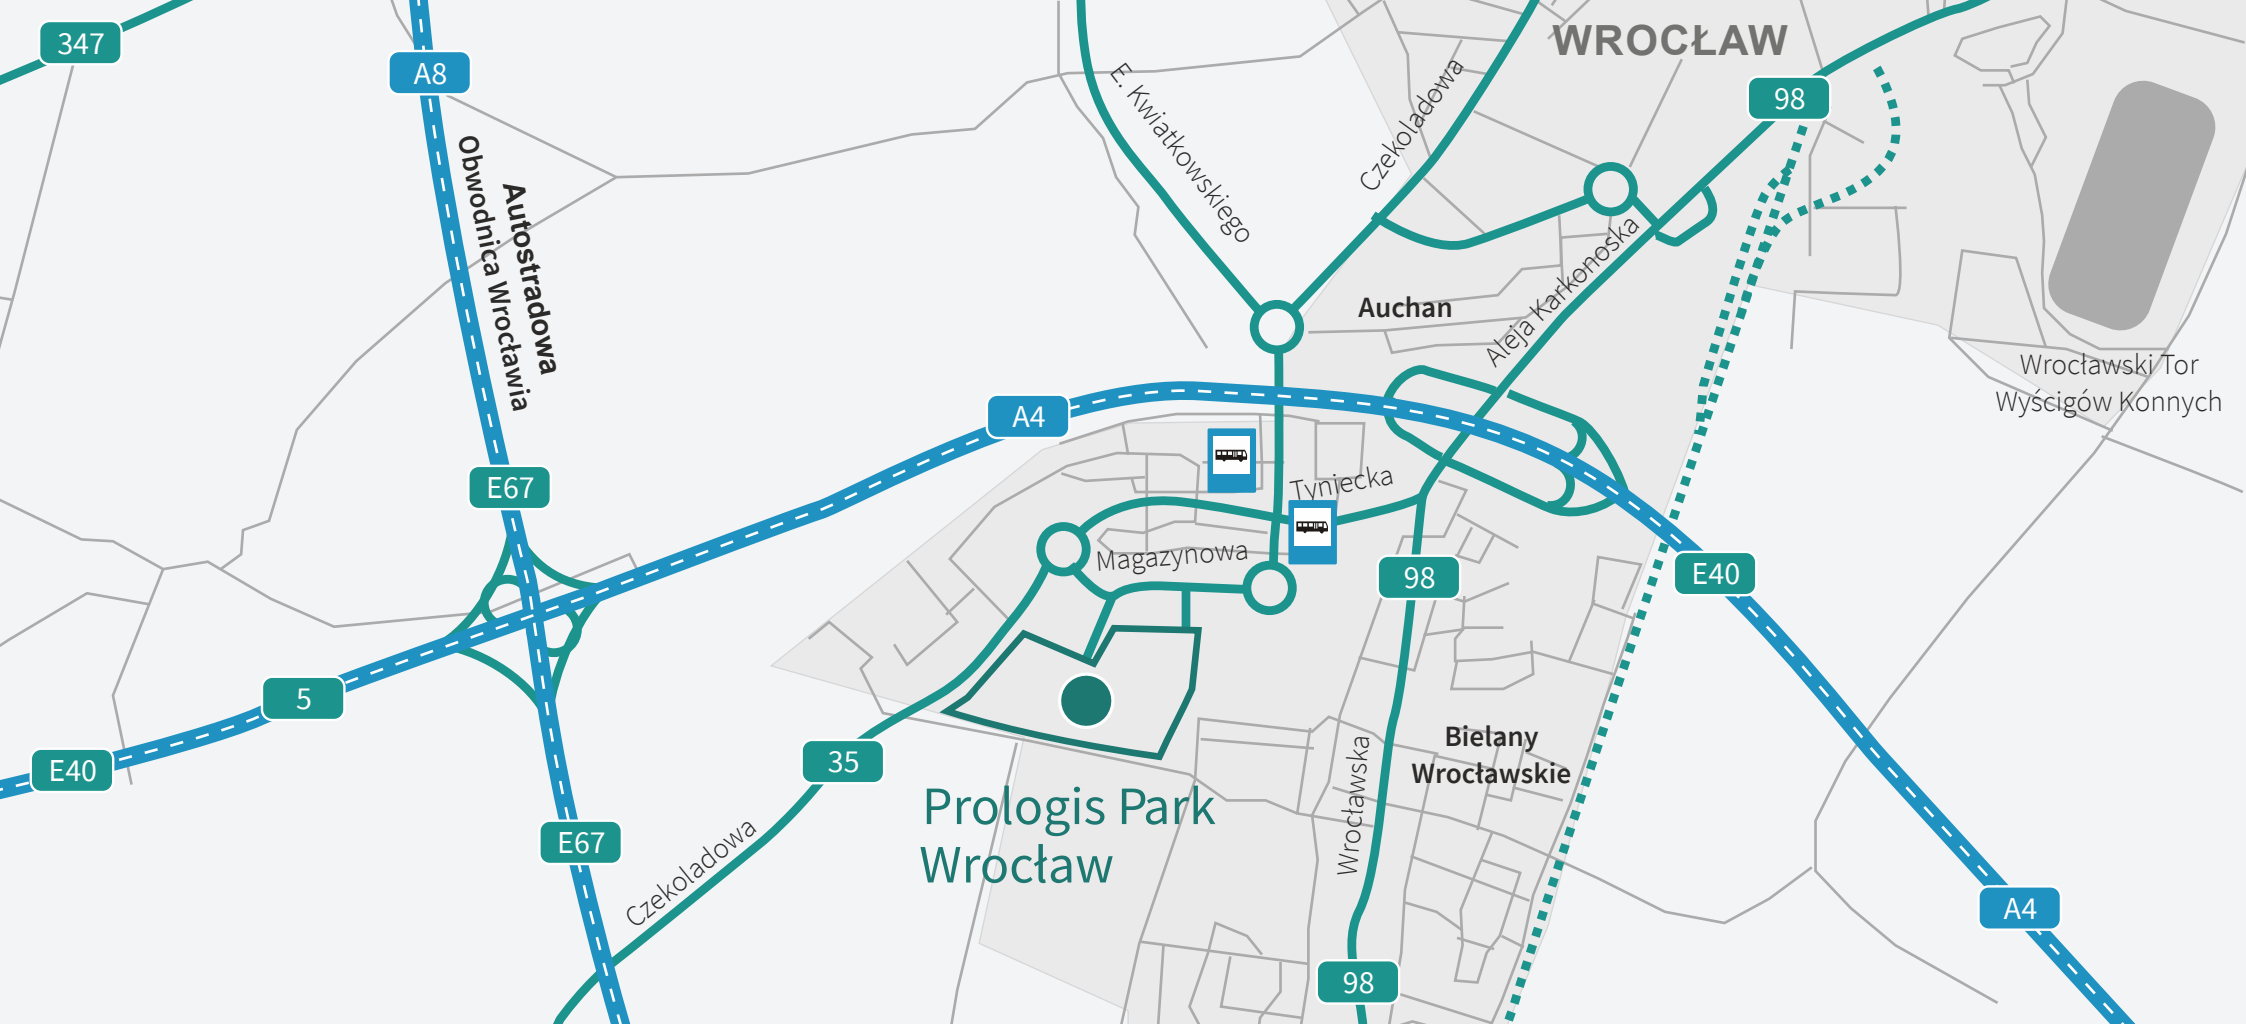

Our park-wide services

At Prologis, we provide much more than just four walls and a roof for our customers. We aim to create a working environment for all our customers. We own, manage and maintain all the buildings in our parks, so our customers can benefit from a range of park-wide services that we have designed to support their business operations. These services are the foundation of our new PARKlife concept, which we TM have launched in five pilot parks in Central Europe. Over the coming years we will continue to roll out the program in all our parks in the region.
