

Political Contributions and Lobbying Report

Prologis is a member of certain trade associations through which we engage with policymakers and other stakeholders. We have informed our major U.S. trade associations and relevant 501(c)(4) organizations that they are prohibited from applying any Prologis funds to support contributions to any U.S. federal or state candidate or political party.

Prologis does not have a political action committee, but we may contribute to certain external political action committees or issue-based coalitions, with Ethics Committee approval.
